VOLUNTEER

Our Centofanti Volunteer Resource Center offers flexible volunteer opportunities.

You can get involved as an individual or with a group through your workplace.

WORKPLACE CAMPAIGN

Start a workplace campaign within your company. It's easy to get your company and employees involved by offering a payroll deduction donation to United Way and ways to give back to our community.

United Way will work closely with your team to provide an overview of what we do within our community and how your employees can volunteer.

A workplace campaign is a convenient way for community members to donate and helps United Way generate almost 50% of our annual revenue.
